

ShowMatch DeltaQ Array Loudspeakers

ShowMatch Array Frame (SMAF) &
ShowMatch T-Bar Array Frame (SMAFT)

Product Notice

ShowMatch Array Frame (SMAF) and ShowMatch T-Bar Array Frame (SMAFT) accessories no longer include the Array Frame Shackle Adapters.

- For permanent installations that use a two-point suspension method from the center rail of the array frame, ShowMatch Array Frame Shackle Adapters (PN: **795502-0010**) can be used.
- For temporary and permanent installations that use a single-point suspension method from the center rail of the ShowMatch Array Frame, the ShowMatch Array Frame Multipoint Adapter (PN: **773065-0110**) should be used.
- For temporary and permanent installations that use a two-point suspension method from the side rails of the ShowMatch Full Array Frame, attach graded $\frac{5}{8}$ -inch lifting shackles (ASME B30.26 or equivalent, not included) to the array frame's side rails at the suspension points determined by your Modeler design. See Working Load Limit in the ShowMatch DeltaQ Array Rigging Frames installation guide.
